DESCRIPTION:

In Huntington Beach, we believe passionately that the key to becoming the best beach City in the world starts and ends with finding the right people to join our team. At this time, we have an outstanding career opportunity available, as we're looking for the "right person" to serve as Senior Trial Counsel.

The **Ideal Candidate** possesses significant civil trial experience, either in prosecuting civil cases or defending them. Having represented other government or public agencies at trial is a significant plus. A Juris Doctorate degree from a law school accredited by the American Bar Association, active membership in the State Bar of California, at least five years of increasingly responsible experience in litigation and trying of cases in the State of California with a minimum of taking lead role in five jury and three bench trials to verdict in Superior Court, and admission to practice in the State and Federal Courts, required.

Here in Huntington Beach, we value soft skills such as emotional intelligence and attitude just as much as technical skills and competency. Primary importance to our organization is the identification of individuals that are team-oriented, dedicated, genuine to the organization's values, and confident yet grounded in humility. Successful candidates will understand and value the critical importance that people play in building a successful organization.

Key traits for our ideal Senior Trial Counsel include:

- **A relationship builder and connector.** Someone who can quickly forge strong, trusting relationships with diverse sets of people, and readily inspires others to action.
- **Leadership through consensus.** Someone who is an approachable consensus-builder, but is also capable of independent and decisive thought and action.
- **A keen sense of ethics.** Someone who recognizes the importance of personal and organizational integrity, and someone comfortable raising and discussing ethical issues with the goal of "doing what's right," not "being right."
- **Innovative and flexible.** Someone able to see beyond what currently exists, and is constant in their pursuit of realistic game-changing breakthroughs for the Huntington Beach organization and community.
- **Objective accountability about outcomes.** Someone who makes data-driven decisions and stays laser-focused on truly audacious goals while balancing the day-to-day needs of the organization.
- **A strategic problem-solver.** Someone able to break large challenges into smaller, manageable pieces, and then works to identify trends and prioritizes solving the root cause of issues.
- **Intellectual curiosity.** Someone who is an excellent listener, and who applies strong critical thinking skills and business judgement to complex issues.

- **A polished and professional demeanor.** Someone who will take great pride in representing the Huntington Beach community, and one who will serve as an ambassador for the City.
- **A Positive Attitude.** Someone who understands that even the best laid plans can go wrong, and has the self-confidence to course-correct with positivity and grace.
